Kim has left the building!

By KIM SUMER

As some of my friends already know, I am 6 months pregnant and looking forward to spending quality time with my family and new baby boy. Today is my last day at work here and I feel a little bit sentimental. All my co-workers became friends during the last seven years and I'll move away from a bunch of friends at AMD Group. My new life promises to be less stressful, however I will miss the anxieties and excitement of the IT, telecommunications and finance sector. During the next 3-6 months I will be looking after key accounts offline in an effort to train my workload.

Love you all so much,
Kim xxoo

PS: I will still be contactable on kim@amd.net.au
